Work Experience

- **Cludeen, S.L.**
  La Coruña - SPAIN (October 2012 - Present).

  A company belonging to the **CIRSA** group, one of spanish's largest gambling enterprise. I was responsible for leading the development of the **Smartslot** web application using symfony2+. This app enables remote monitoring and control for slot machines.

- **Freelance Web Developer**
  La Coruña - SPAIN (October 2004 - October 2012).

  Freelance web developer specialized in PHP. For 8 years I made several web applications in various areas: chemical laboratory management, sales management, commercial printers management and others. I also created an online auction site *(telocompro.es)*, a classified portal *(teloanuncio.es)* or an online booking website *(galiciaincoming.com)*.

- **Melpi, S.L.**
  Seville - SPAIN (May 2000 - October 2004).

  Being responsible for the definition and implementation of an equestrian portal called www.equuscenter.com.
